ly/31NER01About This GameHag's Castle is a 3D Action Adventure game, inspired by classics like 'Dungeon Master' and 'Eye Of The Beholder'.. It's also the first game from Ed Sludden, a veteran Games Artist from the UK with experience working on titles such as 'Conker's Bad Fur Day', 'Bonsai Barber' and 'Adventure Time - Pirates of the Enchiridion'.

Graeme wrote the music on games such as Killer Instinct, Blast Corps, Goldeneye and Perfect Dark.. The game features real-time combat with a range of crusty creatures that have usurped the hallowed opulence of an ancient Scottish Castle..
